Teaching Purpose

Our goal for the semester is to allow the students to start learning pinyin. I believe that pinyin is the basic fundamental of the Chinese language. I also want my students to learn more of the Chinese culture. I will focus on improving students' ability of speaking Chinese, but more specifically, reading and writing in pinyin. During the semester, all students should be able to do the following:

- Be able to read pinyin
- Be able to clearly enunciate the tones.
- Be able to distinguish between pinyin and English phonetic symbols
- Have their exercise books have to be done after each class
- Complete four comprehensive exercises

- Recognize how to write at least 60 Chinese characters
